Pilotis

Seriöses Sitzen: Fehlanzeige. Pilotis möchte bewohnt werden. Und dafür stehen verschiedene Sitz- und Liegeelemente zur Auswahl. Sie gehen eine spielerische Verbindung mit Tischen und Regalen ein.

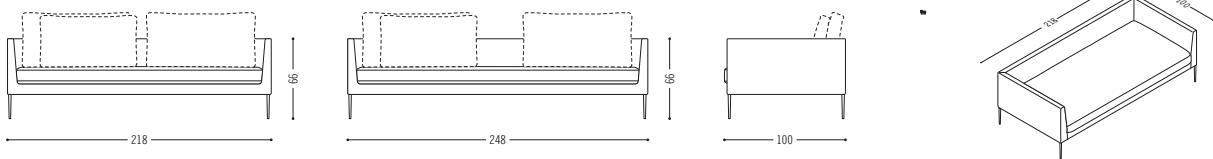

Stately sitting: not at all. Pilotis wants to be inhabited. And you can choose from different seating and lying elements. Enjoy playing with various combinations of tables and shelves.

Der Rückenauflage erhöht die Lehne und verstärkt die beste Eigenschaft Pilotis': ein verdammt guter Rückzugsort zu sein. Die Füße gibt es übrigens in Schwarzchrom, Chrom glänzend oder lackiert.

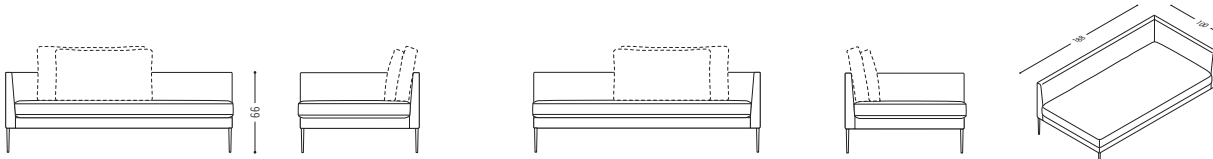

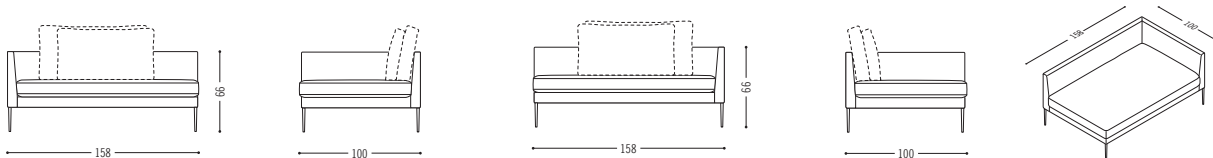

The back extension increases the height of the armrest and enhances Pilotis' best feature: to be a great retreat. Incidentally, the feet are available in black chrome, glossy chrome or in a lacquered finish.
